

ANNUAL INDEX 1979 VOL. 10

COURSES

- Microprocessors and Microcomputers-2, Arithmetic and Logical Instructions, Course 73/55, Milton H. Aronson and Howard M. Berlin C1(55)
- Microprocessors and Microcomputers-3; Instruction Mnemonics, Milton H. Aronson and Howard M. Berlin C1(56)
- Microprocessors and Microcomputers-4; Data Transfer Instructions, Milton H. Aronson and Howard M. Berlin C1(57)
- Microprocessors and Microcomputers-5; Arithmetic Instructions, Milton H. Aronson and Howard M. Berlin C1(58)
- Microprocessors and Microcomputers-6; Interrupts and I/O Instructions, Milton H. Aronson and Howard M. Berlin C1(59)
- Microprocessors and Microcomputers-7; Labels and Pseudo-Ops, Milton H. Aronson and Howard M. Berlin C1(60)

HEART WATCHER NEWSLETTER

- Heart Watcher Newsletter 33, Diet and Disease 100(55)
- Heart Watcher Newsletter 34, Diet and Disease 107(56)
- Heart Watcher Newsletter 35, Stale Food vs Fresh Food 103(57)
- Heart Watcher Newsletter 36, Exercising For Fitness, Herbert Adise, Computer Instruments Corp. 107(57)
- Heart Watcher Newsletter 37, Diet and Nutrition 110(59)

MEDICAL SAFETY NEWSLETTER

- Safety Newsletter 66(55)
- Safety Newsletter 65(56)
- Safety Newsletter 76(57)
- Safety Newsletter 76(58)
- Safety Newsletter 79(59)

THE LAW AND MEDICAL ELECTRONICS

1. Use Tax on Medical Equipment, H. Newcomb Morse 4(75)
2. Is a Bioengineer a Medical Electronics Expert, H. Newcomb Morse 8(58)
3. Instrument Injures M.D., H. Newcomb Morse 8(59)
4. Is Instrument Electromedical or Optical, H. Newcomb Morse 74(60)

BUYERS GUIDE — 1979

- Blood Cell Counters 78(58)
- Blood Chemistry 82(58)
- Blood Coagulation 88(58)
- Blood Gas 94(58)
- Blood Flowmeters 79(56)
- Blood Pressure Instruments 83(56)
- Blood pH 98(58)
- Cardiac Output Meters 91(56)
- Coulometric Titrators 72(55)
- Chromatography 72(55)
- ECG-EEG-EMG 94(56)
- Electrical Safety/Test Equipment 79(60)
- Electrodes for ECG, EEG, EMG, ENG 84(59)
- Electrophoresis 72(55)
- Electronic Thermometers 84(57)
- Heart Rate Meters 102(58)
- Hematocrit 106(58)
- Iontophoresis 72(55)
- Osmometers 72(55)
- Pacemakers 103(56)
- Pumps, Infusion Devices, Syringes, Feeders 89(57)
- Patient Monitors 91(59)
- Patient Scales 87(57)
- Pulmonary/Respiratory Equipment 91(60)
- Refractometers 72(55)
- Stimulators, Defibrillators 101(59)
- Stress Test Systems/Ergometers 100(60)
- Transient/ Surge Protectors 104(60)
- Ultrasonic Equipment 96(57)

Continued overleaf

ARTICLES

- Active Filters in Data Acquisition Systems, Eugene L. Zuch, Dattel Systems, Inc. 60(57)
- Ambulatory Pressurometer, Bruce Del Mar, Del Mar Avionics 64(57)
- Artificial Heart 52(59)
- Annual Index, Vol. 7, 1976 71(56)
- Annual Index, Vol. 8, 1977 71(56)
- Annual Index, Vol. 9, 1978 71(56)
- Ball-and-Disc Integrator, George W. Michalec, Librascope, Div. of The Singer Co. 48(55)
- Blood Cell Counters, Survey 78(58)
- Blood Chemistry, Survey 82(58)
- Blood Coagulation, Survey 88(58)
- Blood Flowmeters, Annual Survey 79(56)
- Blood Gas, Survey 94(58)
- Blood Pressure Instruments, Annual Survey 83(56)
- Blood pH, Survey 98(58)
- Cardiac Output Meters, Annual Survey 91(56)
- Cardiovascular Biofeedback II: An Update, Larry O. Rouse, M.A., Spectrum Research and Development 47(58)
- Chromatography, Annual Survey 72(55)
- Company Health Care Management, Susan E. Croft, Advanced Computer Techniques 73(57)
- Computing Data Acquisition, Allen R. Roth, Signal Laboratories, Ithaco 66(59)
- Constant-Voltage Transformers, David Kemp, Sola Electric 52(55)
- Coulometric Titrators, Annual Survey 72(55)
- Direct Blood Pressure Measurement—Accuracy Factors, Tamotsu Shinozaki, M.D., and Robert S. Deane, M.D., Univ. of Vermont 58(59)
- ECG-EEG-EMG, Annual Survey 94(56)
- Echocardiogram Analyzer, Dr. William Gibson, Elographics, Inc. 62(59)
- Electrical Safety Standards—1980, Denes Roveti, Ohmic Instruments Company 64(60)
- Electrical Safety/Test Equipment, Survey 79(60)
- Electrodes for ECG, EEG, EMG, ENG, Survey 84(59)
- The Electronic Laboratory Balance Comes of Age, R. W. Zimmerer, Sciencetech, Inc. 66(58)
- Electronic Thermometers, Survey 84(57)
- Electrophoresis, Annual Survey 72(55)
- Exercising For Fitness, Herbert Adise, Computer Instruments Corp. 107(58)
- Filters—Types and Specifications, Andress Veranis, Krohn-Hite Corporation 72(59)
- Grounding—Personnel Protection Without GFCE'S, Chris C. Kleronomos and Edward C. Cantwell, Ecos Electronics Corp. 47(60)
- Heart Rate Meters, Survey 102(58)
- Heart Watcher Newsletter 33, Diet and Disease-1 100(55)
- Heart Watcher Newsletter 34, Diet and Disease-2 100(56)
- Heart Watcher Newsletter 35, Stale Food vs Fresh Food 103(57)
- Heart Watcher Newsletter 36, Exercising For Fitness, Herbert Adise, Computer Instruments Corp. 107(58)
- Heart Watcher Newsletter 38, Diet and Nutrition 110(59)
- Heart Watcher Newsletter 39, Diet and Nutrition 100(60)
- Hematocrit, Survey 106(58)
- Hemodynamics—Computer-Aided Determination of Hemodynamic Properties in Humans from Cine Left Ventriculography, Richard Moore, Ph.D., Dr. Sc; Ing., Jan Janouch, C.Sc; Ing., Eva Jirickova; Ing., Jiri Jelinek, C.Sc.; Mudr. Ivo Beranek, C.Sc.; Sung W. Kim, M.S.; Kurt Amplatz, M.D. 52(58)
- Implantable Insulin Delivery System, George A. Shapiro, Andros Incorporated 55(57)
- Industry News 67(56)
- Industry News 74(57)
- Industry News 82(59)
- Industry News 75(60)
- Instrumentation Needed 59(55)
- Instrumentation Needed 66(56)
- Instrumentation Needed 75(57)
- Instrumentation Needed 82(59)
- Instrumentation Needed 75(60)
- Intrinsic Viscosity Measurements by Oscillation Viscometry, John D. Ferry, Paul A. Janney, F. Henry, M. Nestler, and Robin W. Rosser, University of Wisconsin 73(58)
- Iontophoresis, Annual Survey 72(55)
- The Law and Medical Electronics-1, Use Tax On Medical Equipment, H. Newcomb Morse 4(75)
- The Law and Medical Electronics-2, Is A Bioengineer a Medical Electronic Expert?, H. Newcomb Morse 8(58)
- The Law and Medical Electronics-3, Instrument Injuries, M.D., H. Newcomb Morse, J.D. 8(59)
- The Law and Medical Electronics-4, H. Newcomb Morse, J.D., Instrument Electromedical or Optical? 74(60)
- Medical Safety Newsletter 68(56)
- Mercury Vapor Flashlamps for Dentistry 64(59)
- Meter Minder Converts Meters into Digital Controllers, John T. Ioannou, I.T.S., Systems, Inc. 64(56)
- Microprocessor Controlled Potentiostat for Electrochemical Measurements, M. I. Cohen and P. A. Heimann, NBS 50(56)
- Miniaturization of Galvanometers and Strip-Chart Recorders, J. Montagu, and H.J. Dumas, General Scanning, Inc. 68(59)
- New Look for NBS 47(56)
- NTC Thermistor Microprocessor, James Allen, Western Thermistor 60(55)
- Nursing and Bioengineering, J.M.A. Lenihan, O.B.E., Ph.D., and June C. Abbey, R.N., Ph.D. 54(59)
- One Chip Microcomputer Implements Blood Analyzer, Stan Mazor, Intel, and John Haynes, Becton-Dickinson 49(59)
- Osmometers, Annual Survey 72(55)
- Overvoltage Protection for Medical Electronics, Richard Odenberg and Jackson Meeker, Transtector Systems 58(60)
- Pacemakers, Annual Survey 103(56)
- Pacemaker Parylene Conformal Coatings, Clayton Wendt, Cardiac Pacemakers, Inc. 46(55)
- Painless Anesthesia, Yvonne Baskin, Univ. of Utah 60(58)
- Patient Monitors, Survey 91(59)
- Patient Scales, Survey 87(57)
- Power-Line Problems, Roston Tucker, T. Topaz, Electronics 56(55)
- Programmable Pacemaker, Gregory S. Isaacs, Pacesetter Systems, Inc. 69(60)
- Proportional-Control Offset, Erich R. Mertz 72(60)
- Pulmonary/Respiratory Equipment, Survey 91(60)
- Pulmonary Function Testing by Gas Chromatography, Louis J. Betzweiser, Quinton Instrument Company, Inc. 41(55)
- Pumps, Infusion Devices, Syringes, Feeders, Survey 89(57)
- Recorder HR-2000 Datagraphs, A new State of the Art in Data Recording, Staff, Bell & Howell, CED Division 62(58)
- Refractometers, Annual Survey 72(55)
- Safety Newsletter 66(55)
- Safety Newsletter 76(56)
- Safety Newsletter 76(57)
- Safety Newsletter 76(58)
- Safety Newsletter 79(59)
- Safety Newsletter 79(60)
- Soft-Film vs Hard-Cover Electronic Thermometers, John D. Ensign, Measurement Science Corporation 58(57)
- Stimulators, Defibrillators, Survey 101(59)
- Stress Test Systems/Ergometers, Survey 100(60)
- Transient/ Surge Protectors, Survey 104(60)
- UL 1244—Standard for Safety, Electrical and Electronic Measuring and Testing Equipment, Don Mader, Underwriters Laboratories Inc. 45(57)
- Ultrasonic Equipment, Survey 96(57)
- Ultrasonics in Australia 70(60)
- Ultrasound Power Measurement for Therapeutic Transducers, Denes Roveti, Ohmic Instruments Co. 62(56)
- Voltage Reference Standards, Kenneth J. Koep, Standard Reference Labs, Inc. 66(57)
